

House Moving Checklist to Ease the process of relocation

By Smith John

- General Checklist Always remember to start early** Start your preparation 4-6 weeks before the moving date.
- Make up your mind whether you want to do it yourself or hire a removalist-** Hiring one has many advantages and ease your task of packing, moving and unpacking. Choose one carefully which offer quality service along with a reasonable price and to do that use removalist cost calculator to get the estimate of your moving.
- Make sure that your new home is ready and in a condition to receive the valuables.**
- Give a prior notice to redirect all your bills, newspapers, and periodicals to your new address** (Refer this blog for Change of Address Checklist)
- Start to use up all the minor things you have in your current house which you might not need in your new home such as food items** This will prevent unnecessary wastage and cost of moving.
- Start merging and keeping all the essential documents, insurance papers, and medical records in one place.**
