

# Volcano Bay Rides & Slides Checklist

By Checklist.com

- ☐ **Krakatau Aqua Coaster**  
A canoe-style vehicle climbs and drops through the volcano, combining water-slide turns with powered uphill sections.
- ☐ **Honu of Honu ika Moana**  
A multi-person raft climbs high curved walls before sweeping back down through the blue slide's open course.
- ☐ **ika Moana of Honu ika Moana**  
Share a raft for a twisting ride down the green slide, with splashes and turns along the way.
- ☐ **Kopiko Wai Winding River**  
Float slowly through tropical landscaping and a cave section on a winding river with places to enter and exit.
- ☐ **Runamukka Reef**  
A children's water-play area combines small slides, climbing routes and splashing features sized for younger visitors.
- ☐ **Tot Tiki Reef**  
A smaller children's play area offers gentle slides and interactive water features for little swimmers.
- ☐ **Kala & Tai Nui Serpentine Body Slides**  
Trapdoor starts lead into twisting enclosed slide tubes, creating a fast descent from high inside the volcano.
- ☐ **Ko'okiri Body Plunge**  
Step into a launch capsule for a trapdoor release and a steep enclosed slide down the volcano.
- ☐ **Punga Racers**  
Four individual body-slide lanes twist through dark sections, allowing riders to race along parallel routes.
- ☐ **Maku of Maku Puihi Round Raft Rides**  
A circular raft twists through curved slide sections and sudden turns on a shared water-ride course.
- ☐ **Puihi of Maku Puihi Round Raft Rides**  
A circular raft drops through an enclosed section and climbs a curved wall before returning toward the splashdown.
- ☐ **Ohyah of Ohyah & Ohno Drop Slides**  
Twist down a body slide that ends above the water, dropping riders into a deep landing pool.
- ☐ **Ohno of Ohyah & Ohno Drop Slides**  
A winding body slide finishes with a higher airborne drop into the shared deep pool below.
- ☐ **Taniwha Tubes**  
Choose among twisting tube-slide routes, riding alone or sharing a tube as water sprays add surprises.
- ☐ **TeAwa The Fearless River**  
A fast-moving river carries swimmers through waves and churning rapids rather than a relaxed tube float.
- ☐ **Puka Uli Lagoon**  
A leisure pool provides space to swim or relax beside the Rainforest Village slide area.
- ☐ **The Reef**  
A calmer leisure pool provides a swimming break near the volcano, apart from the neighboring wave-pool action.
- ☐ **Waturi Beach**  
A broad wave pool faces the volcano, with a beach-style entry and deeper water farther from shore.
